  - (a) operating the vehicle at the time and place of the violation,
  - (b) the lessee of the vehicle at the time of the violation, if the vehicle was rented or leased from a person in the business of renting or leasing motor vehicles at that time, or

15 fifth day after the notice of violation was mailed

16 **§ 12-1-64 ADMINISTRATIVE ADJUDICATION HEARING.**

- 17 (A) A person who receives a notice of violation under this article may contest the  
18 imposition of a civil penalty by requesting, in writing, an administrative  
19 adjudication hearing of the civil penalty within twenty days of the date of the  
20 notice. Upon receipt of the request, the court shall notify the person of the date  
21 and time of the hearing. The administrative adjudication hearing shall be held  
22 before a hearing officer appointed by the Municipal Court Clerk
- 23 (B) Failure to timely pay a civil penalty or to timely contest liability is an  
24 admission of liability in the full amount of the civil penalty assessed in the  
25 notice of violation and constitutes a waiver of the right to a hearing under  
26 Subsection (A) and an appeal under Subsection (J)
- 27 (C) Failure to appear at an administrative adjudication hearing after having  
28 requested one is an admission of liability for the full amount of the civil penalty  
29 assessed in the notice of violation and constitutes a waiver of the right to a  
30 hearing under Subsection (A) and an appeal under Subsection (J)
- 31 (D) The civil penalty shall not be assessed if
- 32 (1) after a hearing, the hearing officer enters a finding of no liability, or
- 33 (2) within the time prescribed in the notice of violation, the person against  
34 whom the civil penalty is to be assessed submits proof that the vehicle

1 was being operated by another person, as described in Section 12-1-  
2 63(C)(13)(*Enforcement, Procedures*)

- 3 (E) In an administrative adjudication hearing, the department must prove each issue  
4 by a preponderance of the evidence. The reliability of the photographic traffic-  
5 control signal monitoring system used to produce the recorded image of the  
6 violation may be attested to in an administrative adjudication hearing by  
7 affidavit of an employee of the City or the entity with which the City contracts  
8 to install or operate the system and who is responsible for inspecting and  
9 maintaining the system. An affidavit of an employee of the City that alleges a  
10 violation based on an inspection of the pertinent recorded image is admissible  
11 in a proceeding under this article, is evidence of the facts contained in the  
12 affidavit, and is prima facie evidence of the violation alleged in the notice of  
13 violation.
- 14 (F) It is an affirmative defense to liability under this article, to be proved by a  
15 preponderance of the evidence, that
- 16 (1) the traffic-control signal was not in a proper position to observe the  
17 violation, and the recorded image is not sufficiently legible for an  
18 ordinarily observant person to conclude by a preponderance of the  
19 evidence that a violation occurred,
  - 20 (2) the operator of the motor vehicle was acting in compliance with the  
21 lawful order or direction of a police officer,
  - 22 (3) the operator of the motor vehicle violated the instructions of the traffic-  
23 control signal to yield the right-of-way to an immediately approaching  
24 authorized emergency vehicle,
  - 25 (4) the motor vehicle was being operated as an authorized emergency vehicle  
26 under Chapter 546 (*Operation of Authorized Emergency Vehicles and*  
27 *Certain Other Vehicles*) of the Texas Transportation Code and that the  
28 person operating the vehicle was acting in compliance with that chapter,
  - 29 (5) the motor vehicle was a stolen vehicle and being operated by a person  
30 other than the owner of the vehicle without the effective consent of the  
31 owner,
  - 32 (6) the license plate depicted in the recorded image of the violation was a  
33 stolen plate and being displayed on a motor vehicle other than the motor  
34 vehicle for which the plate had been issued,
  - 35 (7) the vehicle was being operated by a person other than the owner of the  
36 vehicle,

- 1 (8) the presence of ice, snow, unusual amounts of rain or, other unusually  
2 hazardous road conditions existed that would make compliance with this  
3 article more dangerous under the circumstances than non-compliance, or
- 4 (9) that a peace officer issued a citation to the driver of the vehicle for the  
5 same incident
- 6 (G) The burden of proof for an affirmative defense to liability is on the person  
7 asserting the defense
- 8 (H) To demonstrate that at the time of the violation the motor vehicle was a stolen  
9 vehicle or that the license plate displayed on the motor vehicle was a stolen  
10 plate, the owner must submit proof acceptable to the hearing officer that the  
11 theft of the vehicle or license plate had been reported to the appropriate law  
12 enforcement agency
- 13 (I) Notwithstanding anything in this article to the contrary, a person who fails to  
14 pay the amount of a civil penalty or to contest liability in a timely manner is  
15 entitled to an administrative adjudication hearing on the violation if
- 16 (1) the person files an affidavit with the hearing officer stating the date on  
17 which the person received the mailed notice of violation, and
- 18 (2) not later than the twentieth day after receiving the notice, the person  
19 requests an administrative adjudication hearing
- 20 (J) A person who is found liable after an administrative adjudication hearing may  
21 appeal that finding of liability to the Municipal Court by filing a notice of  
22 appeal with the Clerk of the Municipal Court. The notice of appeal must be  
23 filed not later than the tenth calendar day after the date of the finding of liability  
24 and accompanied by the payment of an appellate filing fee of \$10 and a cash  
25 bond in the amount of \$75. The bond form shall include the statement that the  
26 cash bond will be forfeited to pay the civil penalty, in full, if the appellant does  
27 not appear as scheduled. The appellate filing fee is non-refundable, regardless  
28 of the finding at the appellate hearing. An appeal shall be determined by the  
29 Municipal Court by hearing de novo. All evidence, to include the affidavits,  
30 statements and declarations of non-liability submitted under section 12-1-  
31 63(C)(10) (*Enforcement, Procedures*), may be admitted by the municipal judge  
32 in the de novo hearing, and all issues must be proved by a preponderance of the  
33 evidence

34 **§ 12-1-65 EFFECT OF LIABILITY; EXCLUSION OF CIVIL REMEDY.**

- 35 (A) The imposition of a civil penalty under this chapter is not a conviction and  
36 may not be considered a conviction

- 1 (B) The court may not impose a civil penalty under this article on the owner of a  
2 motor vehicle if the operator of the vehicle was arrested or was issued a  
3 citation and notice to appear by a peace officer for a violation of Section  
4 544.007(d) (*Traffic-Control Signals in General*) of the Texas Transportation  
5 Code
- 6 (C) The court may refer cases that are at least sixty days delinquent in payment to  
7 a contracted outside vendor for commencement of collection actions. The sixty  
8 day delinquency period begins on
- 9 (1) the twenty-first day after the date of the notice,  
10 (2) the twenty-first day after the date of a finding of liability at an  
11 administrative adjudicative hearing from which a timely appeal has not  
12 been taken, or  
13 (3) the twenty-first day after the date of a finding of liability at an appellate  
14 hearing
- 15 (D) The City of Austin is authorized to file suit to enforce collection of a civil  
16 penalty assessed under this article

17 **§ 12-1-66 DISPOSITION OF FEES.**

18 All penalties and fees collected from the imposition of civil liability under this  
19 article shall be deposited into the traffic safety fund account established by the city  
20 council. Funds from the traffic safety fund may only be expended for the costs of  
21 automated signal enforcement under this article; public traffic or pedestrian safety  
22 programs, traffic enforcement and roadway improvements
